

Principal's Message :

It gives me an immense pleasure to introduce you to our college through a news letter. This news letter shall give an overview of the college activities, achievements and will also showcase the upcoming events of the college. I would like to congratulate all the stakeholders for their constant and tireless effort which will take the institution to a better future in the upcoming years. I hope that this college will definitely set an example of excellence and shall become one of the leading institutes of the state.

Special Lecture / Popular Talk

A popular talk was organised by Biotech club of Swami Vivekananda Mahavidyalaya on " Vermicomposting Technology for Sustainable Development ". The talk was delivered by the renowned scientist working in the field of Vermicomposting and earthworm technology Prof. Priyasankar Chaudhuri, Department of Eathworm Ecology and Biodiversity, Tripura University on 2nd February, 2019. In this programme Senior Scientific Officer Dr. Anjan Sengupta and two other project officers were also present as representatives of Directorate of Biotechnology, Department of Science and Technology, Government of Tripura.

In the said programme all the teachers along with 200 plus students were present. Beside this, local farmers and member secretary of nearby locality were also present, which made the programme meaningful in the true sense.

Ongoing Projects

◆ Biotech Club was set up on 8th March, 2019 in Swami Vivekananda Mahavidyalaya, Mohanpur. A project entitled "Vermitechnology : Its application & popularization among the students & farmers" under the biotech club is running at present. The said project is funded by the department of Science, Technology & Environment, Government of Tripura. The project is supervised jointly by the department of Zoology and Human Physiology.

Projects Submitted

1. Dr. Nirmal Bhadra, Principal (I/C) & Associate Professor, Department of History has successfully completed a project on "Migration, Cohabitation, Change and Modification in the Tribal Society- A case study of Tripura". The project was funded by ICSSR, New Delhi.

2. Sri Prasanta Deb, Assistant Professor, Department of Human Physiology has successfully completed a project on "Assessment of anthropometric, nutritional and physiological status of different tribal and non-tribal adolescent boys of rural areas of Tripura". The project was sanctioned and funded by UGC-NERO.

Educational Tours / Field Visits

The Departments of Botany, Human Physiology and Zoology conducts study tour every year with Honours and General course students and existing departmental faculties. During the visit, the students of the department of Botany takes up field study and also collect samples for Herbarium preparation. Department of Human Physiology takes up regular Diet Survey Program and Health studies. The department of Zoology carries out field visit and prepare field note books as a part of their curriculum.

Other departments of the college arranges Educational Tours regularly.
