Core Values of the Institution

Vision

The College derives its strength from the teachings of Swami Vivekananda: **"Learn everything that is good from others, but bring it in, and in your own way absorb it; do not become others."** The college thus strives to empower students by inculcating discipline, punctuality, empathy, physical strength, mental upliftment and development of character, and comradeship so that they possess a secular outlook, humanity and provide selfless service towards the society.

Mission

- To provide quality education to students irrespective of caste, creed, religion and diverse socio-economic status.
- To create a holistic environment for students so as to transform them into responsible and sensible citizens.
- To develop commitment towards the conservation of Environment and make it sustainable.

"Truly, there is nothing here as pure as knowledge. In time, he who is perfected in yoga finds that in his own Atman" (The Bhagwad Gita). The college endeavours to create an ambience in the campus to develop character, shape personality, social concerns, human rights, gender equality, environmental concerns, and inculcate values such as ethics and leadership among all its students so that they may contribute effectively to the Nation-Building process.
