**INSTITUTIONAL DISTINCTIVENESS OF SWAMI VIVEKANANDA
MAHAVIDYALAYA, MOHANPUR, WEST TRIPURA**

One of the major thrust areas of the institution is to promote tolerance and understanding among the learners by imparting value education. In order to achieve this goal, a 'Patha Chakra' is regularly conducted in the college throughout the academic year. Faculty Members and Students regularly attend this session that imparts knowledge on the humanitarian philosophy, thoughts and ideals of the great Indian saint and Philosopher Swami Vivekananda. This surely reflects in the way our NSS Volunteers and NCC Cadets work towards promoting harmony and community-bonding in various activities of the college.

NCC Unit and NSS Unit of the College actively organize several programmes like Cleanliness Drive, Plantation Drive, Blood Group Testing Camps etc. in the college premises. NCC and NSS volunteers have proactively been involved in awareness programs on 'hazards of plastic', blood donation camps, collection of fund for flood victims and many more. To strengthen community-interaction with the local residents, they also conducted a survey to assess the vaccination status of children in Harinakhola village.

In addition, the College has started a '**Cloth-Bank**' for collection of new and old clothes, which will be later distributed to the needy people of the adjoining areas including the adopted villages.
